

# **Inverter 28vdc to 115vac, 60HZ 1000w FAA TSO Approved**

Lone Star Aviation's new inverter line boasts cutting edge DC/AC 60Hz technology in addition to innovative circuitry to operate most DC-AC applications within the following markets, i.e. commercial, industrial, solar, aviation and military. The DC/AC inverter is a high reliability model that is mission ready and FAA TSO approved for airborne applications.

Coming soon to the Lone Star Aviation Inverter family will be a 300 Watt model, and a new line of 220VAC 50Hz Inverters for the European market.

## **Benefits:**

1. Harness compatible with existing inverters.
2. Weight: Lightest weight inverter.
3. MS-connector: Same wiring, easy for customers to replace.  
Industry Standard
4. Pure Sine Wave: comparable to your office AC power.
5. FAA TSO approved

**Price:** \$5,200.00

**SKU:** LS03-06001

**Categories:** [Inverters FAA TSO](#)

**Additional Information:**

- Dimensions: 12 × 10 × 6 in
- Weight: 8 oz
